25X1

At the overnight meeting of the Staff and School Chiefs with DTR and DDTR [] development of the JOT Program was given considerable attention. This is the first time in the history of the Program that all the resources of OTR have been focused on the JOTP at one time, and it was the source of greatest gratification to C/JOTP. Growing out of these discussions were preliminary plans for improving the quality and quantity of training of JOT's. These ideas are being vigorously approached. In my opinion, the new curriculum which will result will constitute the most important step in the development of the Program since the establishment of defined on-the-desk training and the admission of JOT's to training [] by TR(S).

B. NORMAL ACTIVITIES

25X1

1. C/JOTP briefed [] in MPD) on the JOT/OCS and JOT/ROTC Programs and gave him a rundown on the history of the development of the Programs. [] sat in on the discussion.

25X1

As a result of the meeting with [] and by agreement with him, C/MPD has been notified that the requirements for reimbursable officers for use in the JOT/OCS and JOT/ROTC Programs for the Fiscal Year 1959 will be fifteen First Lieutenants and five Second Lieutenants in the Air Force, and ten First Lieutenants and fifteen Second Lieutenants in the Army. This total of forty-five officers conforms to the revised agreement between the Air Force and Col. White dated 11 June 1957, and also permits leeway to increase our numbers in the Army should the total Air Force requirement not be filled.

2. [] has been told personally that the usual delay of promotion due to security violation has been waived by DTR in his case because of the unusual situation in his on-the-

3. [] has announced his intention to resign from the Agency on 2 May 1958. He has been offered a job as an instructor at Georgetown University at \$5500 a year for the two semesters. He plans to go to Harvard for the summer session in order to complete his research for the Ph.D. degree. This case has been well handled [] during the period when the Security Office was investigating [] situation, and by Mr. [] after the decision that he should not remain was made. [] leaving with good feeling toward the Agency and about the way he has been handled by the JOT Program.

4. In order to save space, it is now SOP that interim reports of training in various courses are destroyed when the final report is in hand, except where matters of unusual significance are disclosed in the interim reports. This will save a small amount of file space and also facilitate cleaning of files at a later date.

5. [] called at the office to assure C/JOTP that Clyde's absence from home due to illness had caused no rift in their relationships, that the illness had indeed been a severe one, and, in general, to support his interest. I explained to her that our greatest concern about the incident was the fact that he used poor judgment in not telling her of his plans.

25X

It appears that over the next few months we will have a number of prospects referred from AQUATONE.
